
Before You Begin

Congratulations on deciding to register your business name/operating name in Ontario!

If you are a general partnership or limited partnership and would like to operate your business using a name other than your partnership name, you must register a business name under the *Business Names Act* (BNA).

Before you register a business name, you can search the ministry's records of existing registrations at Ontario.ca/BusinessRegistry to see if your proposed business name is already being used by another business and where that business is located. Please see the [applicable Notice](#) for more information.

While doing the search, you may consider applying online at Ontario.ca/BusinessRegistry because it is better, easier and faster for you. Benefits of applying online include: a faster response, getting immediate notice that your application is received, option to use a debit or credit card and being able to check the progress of your application online.

If you prefer to complete this form, you must complete it on a computer. The form is dynamic – it changes depending on how you answer questions. You can save the form but can't print it until you complete all mandatory fields – they are marked with an asterisk (*).

For detailed information about this application, please see the applicable Notice first.
